25th October 2012

It's your VRA

From the VRA Council

Working Bee at Bendigo - Fri 23th & Sat 24th November 2012.

GoDay VRA Members

The VRA Council recently resolved to continue to upgrade the shooting mounds at Bendigo which were covered with artificial turf prior to the 2012 Queens. The aim now is improve the slope and evenness of our new mounds. As such a Working Bee will be held at the Bendigo Range on Friday 24th and Saturday 25th November 2012.

Tony Barker will be bringing the appropriate machinery to lift the carpet and regrade the mounds and then replace the carpet on the 600, 700 and 900 yard mounds. We need at least 8 ó 10 people to assist Tony with these tasks.

Please contact me if you can help for all or part of the time. Bring your rifle along, who knows, we may even get a chance to have a shot on Saturday afternoon.

We will aim to make it an enjoyable couple of days.

Thanks everyone

Geoff Evans
