

From the VRA Council

Seeking your feedback and ideas about the DRA Teams and Champion of Champions Shoot.

Good Day VRA Members

In an endeavour to increase participation, the VRA Council has done a few things over the past couple of years to tweak the format of our annual DRA Teams and Champion of Champions Shoot. It was therefore very pleasing to see 160 shooters at Bendigo a couple of weeks ago, (73 TR and 87 F Class). Congratulations to all teams and individuals who participated, particularly those who were successful.

The trend in team shooter participation over recent years is particularly pleasing. The figures are;

2012 - 160 shooters
2011 - 160
2010 - 145
2009 - 140
2008 - 125
2007 - 105

In an endeavour to further increase participation and make the weekend more enjoyable we are seeking your ideas about **anything** at all related to the DRA Teams and Champion of Champions weekend.

So that you can freely speak your mind without fear of offending anyone, please pass on your comments to me. I will then summarise suggestions and present them to the next VRA Council meeting.

Please phone, text or email me on the contacts below.

Thanks everyone.
